### DEFINITIONS OF CLOSE CONTACTS

**WA** - you are a close contact if you had the following contact with a person within 48 hours of them either testing positive or the onset of symptoms:

- You are a household member and/or intimate partner.
- You've had 15 minutes of face-to-face contact with them where both of you were not wearing masks.
- You've spent more than two hours in a small room where masks were not worn for the entire period.

**VIC** - you are a close contact if you:

- Live in the same house as someone who tests positive.
- Spent four hours or longer with someone in a home, or health or aged care environment while they were infectious.

**NT** - you are a close contact if you:

- Reside in the same household /premises as a COVID-19 positive person or stay overnight.
